# Tractor Pull

Thursday, August 9th, 7:00 p.m.  
Macon County Fairgrounds

## FAIR RULES

Tractors must be 1963 or older.  
All tractors allowed 20% over RPM (M&W Chart used). All tractors are required to have a working governor.  
All tractors must be naturally aspirated.  
Gas, diesel or LP fuels only. No alcohol or nitrous oxide fuels may be used in tractors. Tractors manufactured to use diesel fuel cannot inject LP or nitrous oxide.  
Fan guards or side shields are mandatory on all tractors.  
No radial tires.  
Hitch of any type, no less than 18 inches from center of axle to end of hook point or clevis. Must not be more than 20 inches in height. Hitch must be stationary in all directions and hitch hole must allow hook point to flow freely.  
Wheelie bars are required and can be no height more than 10 inches. The pads/wheels must extend past the tires. The pad must be at least 4x4 and must be able to support the weight of the tractor. Subject for random check at all times.  
Working kill switches are mandatory on all tractors.  
Weights on front of tractors can not extend more than 11 ft. from center of rear axle to the front of the weight. Weights on rear can not extend past rear tires. (No differential or drive-line alterations allowed.)  
Puller has two attempts to reach the 40 ft. mark. No horn blowing past 1/2 track mark. Driver must remain in seat and one hand on steering wheel, hand clutch or throttle at all times during the pull.  
Tractor and sled must stay in bounds at all times. Anything dropping from the tractor while still hooked to the sled will result in disqualification. (DQ)  
Pullers under the age of 18 must have written parental/guardian permission. An experienced adult must accompany an inexperienced driver on the track at all times.  
Tractors will be limited to 2 hooks per night.  
All classes have a 40# weight tolerance.  
Tractors may be weight/hitch checked after each pull.  
All pullers are required to sign insurance form before pulling.  
Judges decision is final.
